

## O&M COORDINATOR

(M/F)

At Voltalia we are passionate about renewable energies. We are an international company (listed on Euronext Paris since July 2014) and we produce electricity from multiple power sources (wind, solar, hydro and biomass). Today we have a total installed capacity of 451 MW and we also provide services on behalf of third-party clients such as development, construction, maintenance and exploitation of energy production sites. With a booming growth, our group is already present in 17 countries over 4 continents and we offer to our clients a global operating capacity. Besides the group strongly contributes to the socio-economic development of the regions where it is present and cultivates partnerships profitable to all the stakeholders, at all levels.

If you share our ambition and our passion for renewable energies, Voltalia has a career for you!

Our **Operation & Maintenance Department** is looking for an **Operation & Maintenance (O&M) Coordinator** for its **Operations**. Reporting to the O&M Manager, will have the following responsibilities:

- Manage all human and material resources;
- Compliance with KPI's contractually defined with customers and respective interfacing;
- Analysis and solution of technical issues that occur in a photovoltaic installation;
- Participate and, lead hands-on, on the most complex maintenance activities for troubleshooting and diagnostic of failures, with his respective team of field technicians;
- Manage guarantees with suppliers;
- Compliance with all company procedures and guidelines;
- Interface Grid Operators and all the local stakeholders involved in the implementation of O&M activities;
- Always be prepared to attend to emergencies on the PV Plants he/ she manage.

Voltalia is a French renewable electricity company listed on the regulated Euronext market in Paris since July 2014 and active in four energies: wind, solar, hydro and biomass. Martifer Solar is a leading global player in Development, EPC and O&M Services in the photovoltaic market.
