

## O&M MANAGER

(M/F)

At Voltalia we are passionate about renewable energies. We are an international company (listed on Euronext Paris since July 2014) and we produce electricity from multiple power sources (wind, solar, hydro and biomass). Today we have a total installed capacity of 451 MW and we also provide services on behalf of third-party clients such as development, construction, maintenance and exploitation of energy production sites. With a booming growth, our group is already present in 17 countries over 4 continents and we offer to our clients a global operating capacity. Besides the group strongly contributes to the socio-economic development of the regions where it is present and cultivates partnerships profitable to all the stakeholders, at all levels.

Today Voltalia is as well strategically focused as a specialized service provider of O&M (Operation and Maintenance) services for renewable assets owned by third-party customers. After the acquisition of Martifer Solar, we became one of the most important players in the O&M industry for renewables, operating more than 1 GW (one Gigawatt) of assets, among which Solar plants, Wind farms and Hydro and Biomass plants, in 11 countries dispersed over 3 continents and now we want to expand our portfolio of contracts for third-parties to 2 GW until 2019, so if you share our ambition and our passion for renewable energies, Voltalia has a career for you!

Our **Operation & Maintenance (O&M) Business Line** is looking for an **O&M Manager**, which will have the following responsibilities:

- Management of technical team and material resources of the PV plants;
- Oversee the technical teams, their performance and efficiency;
- Ensure that plants are working smoothly, quickly, efficiently and safely;
- Compliance with KPI's contractually defined with customers;
- Analysis and solution of technical issues that occur in a photovoltaic installation;
- Management of guarantees with suppliers;
- Compliance with all company procedures and guidelines.
- Reporting to customers and external legal entities
- Supervise and mitigate the risk of O&M activity within the country he operates.

Voltalia is a French renewable electricity company listed on the regulated Euronext market in Paris since July 2014 and active in four energies: wind, solar, hydro and biomass. Martifer Solar is a leading global player in Development, EPC and O&M Services in the photovoltaic market.
