

## SITE MANAGER

(M/F)

At Voltalia we are passionate about renewable energies. We are an international company (listed on Euronext Paris since July 2014) and we produce electricity from multiple power sources (wind, solar, hydro and biomass). Today we have a total installed capacity of 451 MW and we also provide services on behalf of third-party clients such as development, construction, maintenance and exploitation of energy production sites. With a booming growth, our group is already present in 17 countries over 4 continents and we offer to our clients a global operating capacity. Besides the group strongly contributes to the socio-economic development of the regions where it is present and cultivates partnerships profitable to all the stakeholders, at all levels.

If you share our ambition and our passion for renewable energies, Voltalia has a career for you!

Our **Construction Business Line** is looking for a **Site Manager** for its **Operations**. Reporting to the Construction Manager, will have the following responsibilities:

- Coordinate all activities from a HSE point of view at the site;
- Coordinate the time schedules and supervise the planning and execution of all site works;
- Establish and maintain on site offices and facilities;
- Cost control and financial reporting
- Report to the Project Manager the project site activity;
- Manage site logistic.

### QUALIFICATIONS:

The ideal candidate will have/ be:

- Degree or Master in Electronics, Mechanical or Civil Engineering;
- 2 to 5 years of working experience in a relevant role on construction projects (preferably in the energy sector);
- Good knowledge of tools and techniques or project schedules/ planning (able to work with planning software);
- Fluent in English, French and/or Portuguese advanced (other languages would be a plus);
- Knowledge of HSE requirements.
